Discover Building Relationships Without Boundaries

Leading With Courage® Networking (LWCN) is an all-virtual, B2B community of trusted advisors whose members each have 10+ years of experience in their fields. It's a networking group made for who we are now and the world into which we're evolving.

Greater efficiency! Greater reach! Greater relationships! Greater results!

Leading With Courage Networking is not just another group. It does not force you to jump in a car, race to a meeting, provide a 30-second elevator speech, shake a few hands, and leave, wasting your time battling traffic both ways.

Experience the freshest perspective on networking.

We formed Leading With Courage Networking as a non-traditional group offering you things sorely missing from most groups:

- Access to vetted Subject Matter Experts
- Opportunities to enhance self-awareness
- Deeper, more enduring connections
- A willingness to discuss tough topics

And much more. Keep Reading For Eight Reasons To Join LWCN.

Go Beyond LocalSM

- All virtual, all the time.
- Just as where we conduct business is no longer limited to a city, region, or country, our groups aren't defined by the location of their members.

No Drama

- Applicants are screened for average or above levels of emotional intelligence (EI)
- To promote greater self-awareness, members can complete, at no additional charge:
 - An Everything DiSC Workplace self-assessment
 - Quarterly leadership self-assessments
 - Six Types of Working Genius self-assessment.
- Members receive a discount on select 360-degree assessments.

Keeping It Fresh

- Groups of 14-16 members are re-shuffled each year.

Access to Subject Matter Experts

For the times when you need a sounding board.

- Enhance the value of the core membership by adding a year's worth of Subject Matter Expert (SME) Virtual Office Hours.
- These are 30-minute appointments with vetted Functional Experts in Marketing, Law, HR, and more.
- The one-year membership costs less than one hour of the typical SME's time.
